1. Key Information Summary

What is this?

This is an offer of the Multi-currency Cash Passport which is a multi-currency, reloadable prepaid payment facility. The Multi-currency Cash Passport is a debt security issued by Travelex Card Services Limited ("TCSL"). By loading money onto the Multi-currency Cash Passport you give TCSL money, and in return TCSL promises to make that money available to you when you use your Card. If TCSL runs into financial trouble, you might lose some or all of the money you have loaded onto your Multi-currency Cash Passport.

No new applications are being accepted for the Multi-currency Cash Passport. However, existing holders of the Multi-currency Cash Passport will continue to be able to use and reload their Card until it has expired.

About TCSL

TCSL is a member of the Travelex Group. TCSL operates in the foreign exchange industry offering prepaid currency card services.

You can access money loaded onto your Multi-currency Cash Passport by using your Card.
Status	Unsecured, unsubordinated debt securities.

After the expiry date, you will not be able to use your Card to access money loaded onto your Multi-currency Cash Passport. However, you will still be able to obtain your money loaded onto your Multi-currency Cash Passport from TCSL through a Cash Out.

-------------------------	--

No guarantee

The Multi-currency Cash Passport is not guaranteed by any person. TCSL is solely responsible for the repayment of your Multi-currency Cash Passport.

How you can get your money out early

You can withdraw money loaded onto your Multi-currency Cash Passport at any time. Withdrawals may, subject to any applicable fee, be made from ATMs around the world displaying the MasterCard® acceptance mark. You may close your Multi-currency Cash Passport at any time and have the balance (less any fees) deposited into your nominated bank account. The Multi-currency Cash Passport cannot be sold to anyone else.

How Multi-currency Cash Passport ranks for repayment

If TCSL becomes insolvent, your Multi-currency Cash Passport will rank equally with other unsubordinated and unsecured obligations of TCSL. This means in a liquidation of TCSL, your rights and claims as a holder of a Multi-currency Cash Passport will rank:

- after all secured creditors (if any) and creditors preferred by law;
- equally with other holders of a Multi-currency Cash Passport and holders of equal ranking obligations; and
- ahead of holders of subordinated debt (if any - there are currently none) and shares in TCSL.

Further details, including a diagram illustrating how the Multi-currency Cash Passport would rank against TCSL's other liabilities on a liquidation of TCSL are set out in section 5 of this PDS.

No security

The Multi-currency Cash Passport is not secured against any of the assets of TCSL.

TCSL's financial information

The financial position and performance of TCSL are essential to an assessment of TCSL's ability to meet its obligations under the Multi-currency Cash Passport. TCSL is not required to include financial information in this PDS because it is a continuous issue PDS. However, the required financial information can be viewed at <https://disclose-register.companiesoffice.govt.nz/disclose>.

Key risks affecting the Multi-currency Cash Passport

Investments in debt securities have risks. A key risk is that TCSL does not meet its commitments to repay you (credit risk). Section 7 of this PDS (Risks of investing) discusses the main factors that give rise to the risk.

You should consider if the credit risk of these debt securities is suitable for you.

TCSL considers that the most significant risk factors relating to TCSL's creditworthiness are:

- **Failure of Trust Account arrangements:** TCSL has established a Trust Account in connection with the operation of its MasterCard branded prepaid cards business (including the Multi-currency Cash Passports). The Trust Account arrangements are governed by a Trust Account Deed with Deutsche Bank AG London Branch as Trustee. If the Trust Account arrangements operate as intended, the amount held on trust for the benefit of holders of MasterCard branded prepaid cards issued by TCSL should always be sufficient to discharge TCSL's liabilities to those holders. However, if the Trust Account arrangements do not operate as intended (for instance, because less money is held on trust than is required, or the trust arrangements are not legally effective), and TCSL becomes insolvent, holders of the Multi-currency Cash Passports will not benefit from the Trust Account arrangements and their only recourse would be to claim as an unsecured creditor in TCSL's liquidation along with all other creditors.
- **Failure of service providers:** TCSL's business operations are reliant on third parties providing a range of services to TCSL. If a third party failed to pay money to TCSL when due, that in turn could lead to TCSL being unable to meet its payment obligations, including to pay amounts into the Trust Account as described above.
- **TCSL incurs an unexpected liability:** If TCSL incurred an unexpected liability, such as a material fine imposed by a regulator that may lead to TCSL being unable to meet its payment obligations, including to pay amounts into the Trust Account as described above.
- **Insolvency of the Travelex Group:** No member of the Travelex Group guarantees TCSL's payment obligations in relation to the Multi-currency Cash Passport and the insolvency of other members of the Travelex Group could lead to TCSL being unable to meet its payment obligations, including to pay amounts into the Trust Account as described above.

This summary does not cover all of the risks of the Multi-currency Cash Passport. You should also read section 5 of this PDS (Key features of the Multi-currency Cash Passport) and section 7 of this PDS (Risks of investing).

No credit rating

TCSL's creditworthiness has not been assessed by an approved rating agency. This means that TCSL has not received an independent opinion of its capability and willingness to repay its debts from an approved source.

Key benefits of the Multi-currency Cash Passport

Convenience

Your Multi-Cash Passport is a convenient way for you to take multiple currencies in spending money overseas, enabling you to easily manage

your money while away from home. You can use it online or to pay directly for goods and services at MasterCard® merchants, or withdraw local currency from any ATM displaying the MasterCard acceptance mark. With Multi-currency Cash Passport you do not need to worry about bank opening hours or lengthy queues, you can access your funds instantly, at any time of the day or night.

The currencies available in respect of your Multi-currency Cash Passport may vary from time to time and not all currencies may be available at all

times. Before making a decision to acquire the Multi-currency Cash Passport, please check with the Distribution Outlet or on www.cashpassport.co.nz for details of the available currencies.

Your Multi-currency Cash Passport can be managed online at www.cashpassport.co.nz – from here you can conveniently access your Multi-currency Cash Passport information at any time, including your balances, allocate your funds across different currencies, and check your transaction history. There will be no charge for electronic statements through www.cashpassport.co.nz. You can also use this website to locate the nearest MasterCard ATM.

Easy to Budget

The Multi-currency Cash Passport enables you to load both foreign currencies and New Zealand dollars onto the one payment facility and access this with your Card. This means you can exchange your New Zealand dollars into one or more currencies which you may require before you travel. When travelling you then know exactly how much you have to spend in the relevant currency. As your Multi-currency Cash Passport is a prepaid payment facility, you know exactly how much you are spending when you are away from home. If you want to use your Multi-currency Cash Passport again, you can load more funds onto it for your next trip. If you have money left on your Multi-currency Cash Passport at the end of your travels, you can obtain a refund of your remaining balance (an administration fee will apply – please see Fees and Limits Table below).

Reloadable

Your Multi-currency Cash Passport can be reloaded as many times as you want within the applicable limits (set out in the Fees and Limits Table), so you can keep your Multi-currency Cash Passport and your Card for the next time you travel.

We are constantly looking to provide new reload options and more convenient ways of reloading. Please check online at www.cashpassport.co.nz for details of any additional reload methods made available from time to time.

Your multi-currency Cash Passport can be reloaded at any participating Distribution Outlets (which are not Travelex Retailers) in New Zealand, when you present your valid photo ID. In some Distribution Outlets you may only be able to reload a Multi-currency Cash Passport purchased via that outlet or other outlets within the same group. If you are travelling, you can load additional funds onto your Multi-currency Cash Passport by using Bank Transfer, Debit Card Load or Bill Payment as detailed below. Please visit www.cashpassport.co.nz for more details.

Global Emergency Assistance

Should you lose your Card or if it has been stolen while you are away you may be eligible to receive an emergency cash disbursement (within certain limits set by MasterCard Prepaid Management Services from time to time). To access emergency assistance simply call Global Emergency Assistance helpline on 0800 444 691 (local call) or +44 207 649 9404 (from outside New Zealand) (call charges may apply). Once a customer service representative has established that you have sufficient means of payment (through the availability of money on your Multi-currency Cash Passport) TCSL will arrange for money to be made available to you at a convenient disbursement location. Disbursement locations include Western Union, MoneyGram and other MasterCard Prepaid Management Services approved agent locations. You will be advised of the relevant address details, telephone number and opening hours of the nearest agent location.

Security features

For additional security your Card is chip and personal identification number ("PIN") protected and has a signature panel on the reverse of your Card. If your Card is lost or stolen or you have forgotten your PIN you can call the Global Emergency Assistance helpline set out above for immediate assistance (call charges may apply). These numbers are also set out in the Terms and Conditions, online at www.cashpassport.co.nz and on the reverse of your Card. ATM withdrawals will always require a PIN.

Domestic Card to Card

Domestic card to card functionality can be accessed by logging into "My Account" via www.cashpassport.co.nz and allows a holder of a New Zealand issued Multi-currency Cash Passport ("sender") to transfer funds from any currency supported on the sender's Multi-currency Cash Passport to any currency supported on another person's New Zealand issued Multi-currency Cash Passport or Cash Passport Platinum. This is available to the generic Multi-currency Cash Passport and Cash Passport Platinum programs only and excludes Travellex Multi-currency Cash Passport or other Travellex branded programs.

International Card to Card

International card to card functionality can be accessed by logging into "My Account" via www.cashpassport.co.nz and allows a holder of a New Zealand issued Multi-currency Cash Passport ("sender") to transfer funds from any currency supported on the sender's Multi-currency Cash Passport to another person's Australian issued Multi-currency Cash Passport or Cash Passport Platinum (or any other overseas issued Multi-currency Cash Passport or Cash Passport Platinum if we make this available and notify you). Currently it is only possible to transfer funds to the same currency, but in the future it may become possible to transfer funds to any supported currency using international card to card. If this functionality is introduced, you will be notified via "My Account" at www.cashpassport.co.nz.

International card to card also allows New Zealand Multi-currency Cash Passport holders to receive funds from Australian issued Multi-currency Cash Passport or Cash Passport Platinum holders (or any other overseas issued Multi-currency Cash Passport or Cash Passport Platinum if we make this available and notify you). This is available to the generic Multi-currency Cash Passport and Cash Passport Platinum programs only and excludes

Travellex Multi-currency Cash Passport or other Travellex branded programs.

Important information relevant to Multi-currency Cash Passport

Security

It is important that you safeguard your Multi-currency Cash Passport and your Card details, your PIN and any other passwords, equipment or

software required for your operation of your Multi-currency Cash Passport and your Card. If you do not, then you may be liable for unauthorised transactions (i.e. where a transaction is carried out without your knowledge and consent) and other amounts as explained further in the Terms and Conditions. In certain circumstances, TCSL's liability in respect of unauthorised transactions is limited, meaning that you may still be liable for the transaction. In some circumstances TCSL may not be liable for losses caused by equipment or system failure (including consequential losses), meaning that you may still be liable for the transaction and consequential losses. Further details on the limits to TCSL's liability are set out in the Terms and Conditions.

When available, your Card will be registered for additional security through the Mastercard Securecode service which is a service designed to protect you from fraud. It will give you extra protection when you're shopping online using your Card. When buying things online using the Card, it will assess the transaction that's taking place. Mastercard Securecode will either authorise the transaction automatically or you might be asked to enter additional information. You will be required either to enter the 6 digit SMS password sent to your registered mobile phone number or some personal and Card information. Please ensure we have your correct mobile phone number to receive relevant password information when Mastercard Securecode is made available. Mastercard Securecode will operate in the background and you might not need to enter your SMS password or personal and Card information every time you use your Card. It is an additional security feature designed to assist in the prevention of fraud. We will notify you when the Mastercard Securecode is available for your Card.

Foreign exchange fluctuations

When you load and/or allocate money across currencies, you are exposed to, and take the risk of, foreign exchange fluctuations across these various currencies. For instance, if you were to hold US dollars in your Multi-currency Cash Passport (which was loaded at the prevailing exchange rate on the day of loading), then over time, the NZ dollar equivalent of this US dollar amount may be less than, or more than, the original NZ dollar amount.

When you use your Multi-currency Cash Passport around the world, cash is disbursed in the local currency. If the local currency is not one of the currencies loaded on your Multi-currency Cash Passport, or is one of the currencies loaded on your Multi-currency Cash Passport but the balance of that currency is insufficient for the transaction, the default order of priority of your available currency balances will apply (see below under "Default order of priority"). This means that you are exposed to, and take the risk of exchange fluctuations.

Service availability

In some circumstances, there is a risk that ATM or POS services may not be available for a period of time. The operation of your Multi-currency Cash Passport is dependent upon the reliability and operational processes of technology and communications providers, with respect to computer and telecommunications networks. While all parties seek to achieve 100% availability, process and service disruptions may occur.

The Multi-currency Cash Passport is for electronic use only and must not be used for manual (e.g. imprinters or click-clack machines) or offline transactions (e.g. an in-flight or cruise ship transaction that will not be completed until the flight has landed or the cruise ship has docked).

Reliance on MasterCard

TCSL's ability to offer the Multi-currency Cash Passport is entirely dependent on its contractual arrangements with MasterCard, which enable TCSL to offer the Cards and permit holders to obtain cash from MasterCard ATMs around the world. MasterCard has certain rights, as set out in the MasterCard rules, to terminate TCSL's membership of MasterCard. If the arrangements with MasterCard were to end, TCSL would no longer be able to offer the Multi-currency Cash Passport and holders would not be able to withdraw cash using their Cards from ATMs, and would be required to obtain their money directly from TCSL through a Cash Out.

Loading large amounts of money

The risks associated with the Multi-currency Cash Passport may be increased by loading large amounts of money onto your Multi-currency Cash Passport as no interest is payable on that money and foreign exchange rate fluctuations (as described above) will have a greater impact the larger the amounts loaded onto your Multi-currency Cash Passport.

How the Multi-currency Cash Passport works

Managing your money

Once your Multi-currency Cash Passport has been activated and you have registered online through "My Account" at www.cashpassport.co.nz, you can load money, check your balance, allocate your money across different currencies (fees apply, see "Limits and Fees" table below), and view your recent transactions online.

Loading money

Before you can use your Card to make purchases or withdraw cash, you will need to load money onto your Multi-currency Cash Passport. There are currently a number of ways that you can load money onto your Multi-currency Cash Passport. You can load money onto your Multi-currency Cash Passport at any participating Distribution Outlet (which are not Travelex Retailers) in New Zealand, when you present your valid photo ID. In some Distribution Outlets you may only be able to load a Multi-currency Cash Passport purchased via that outlet or other outlets within the same group. You can also make a Debit Card Load, Bank Transfer Load or Bill Payment. Your Multi-currency Cash Passport can be loaded in the available currencies as often as you like subject to the limits set out below under "Limits and Fees".

To perform a **Bank Transfer Load** from a New Zealand bank account (using the internet, mobile or phone banking service provided to you by your bank or financial institution) you will need to log on to this service and choose to make a payment to another bank account (this may be referred to as a "funds transfer", "pay anyone" or a similar term) and use the following details:

Bank Account number: 16 digit account number to be retrieved from "Settings" within "My Account" at www.cashpassport.co.nz which will include:

Bank	Branch	Account	Suffix
02	1283	7 digit allocated unique number	001

To perform a **Debit Card Load**, you can only use a Mastercard debit card or Visa debit card held in your name. We may, with or without notice and without incurring any liability to you suspend or decline a Debit Card Load transaction in order to comply with any laws or regulations in New Zealand or any other country (including to manage anti-money laundering or counter-terrorism financing risks). Funds loaded using Debit Card Load will be available for use instantly. Fees will apply. Initial loads cannot currently be processed using Debit Card Load. We will let customers know if this functionality becomes available in the future.

To perform a **Bill Payment**, go to your internet banking website and choose to make a Bill Payment using the following details:

Paying From	ANZ Account	Non ANZ Account
Biller:	CASH PASSPORT (If you can't find Cash Passport, please contact your bank)	
Particulars Field:	Enter the first 6 digits of your Card number	Leave blank
Code field:	Leave blank	Enter the first 6 digits of your Card number
Reference field:	Enter the last 10 digits of your Card number	Enter the last 10 digits of your Card number

Bank Transfer Loads will generally be processed on the next business day and Bill Payment will generally take two (2) business days to be processed. However, they may take longer if the payment is made after 2pm (New Zealand standard time). Load times may vary between financial institutions including when your transfer is initiated outside business hours or prior to or during a weekend or public holiday.

Please note that the bank transfer account number for Bank Transfer Load that will be provided to you does not constitute a deposit account and is provided solely for the purpose of enabling you to load money onto your Multi-currency Cash Passport. You are unable to use the account details to make any other payments, including but not limited to direct debit payments.

Bank Transfer Loads, Debit Card Loads and Bill Payment Reloads must be made using New Zealand dollars from a New Zealand bank account. If it becomes possible to load money onto your Multi-currency Cash

Passport in some other way in the future, this will be notified to you and described at www.cashpassport.co.nz.

Reloading money

Your Multi-currency Cash Passport is reloadable, which means that money can be loaded multiple times onto your Multi-currency Cash Passport within the applicable limits. If you want to use your Multi-currency Cash Passport again, you can reload it when you are overseas or load more money to your Multi-currency Cash Passport for your next trip.

Withdrawing money

If you have money left on your Multi-currency Cash Passport facility at the end of your travels, you can withdraw your remaining balance in New Zealand dollars or you can transfer your remaining balance to New Zealand dollars and spend domestically using Multi-currency Cash Passport.

Available currencies

Using New Zealand dollars, you can purchase and hold multiple currencies in your Multi-currency Cash Passport. Each currency that you purchase when loading your Multi-currency Cash Passport will be held in a distinct currency balance. The currencies that are available are New Zealand dollars ("NZD"), Australian dollars ("AUD"), United States dollars ("USD"), Euros ("EUR"), Great British pounds ("GBP"), Japanese yen ("JPY"), Canadian dollars ("CAD"), Hong Kong dollars ("HKD"), Singapore dollars ("SGD") and United Arab Emirates Dirham ("AED"). The available currencies may change from time to time.

As the Multi-currency Cash Passport is a multi-currency payment facility, it is set up so that you can fully utilise your entire balance to fund a transaction. This means that where you do not have money available in the currency of the transaction, either because it is not an available currency, or because you do not have a sufficient balance in the relevant currency, your Multi-currency Cash Passport will use the balances of your other loaded currencies in the default order of priority to fund the transaction.

Default currency

Money that you load onto your Multi-currency Cash Passport via Bank Transfer Load or via Bill Payment will be allocated to your current default currency (and will be converted to that default currency if the default currency is not New Zealand dollars). The default currency will initially be New Zealand dollars, however you can change your default currency at www.cashpassport.co.nz. Please note that you can only have one default currency at a time. Money that you load onto your Multi-currency Cash Passport facility via Bank Transfer Load or Bill Payment will be allocated to the currency that is set as the default currency at the time that TCSL processes the payment.

Default order of priority

Your Multi-currency Cash Passport will first take money from the relevant currency balance that the transaction is denominated in, i.e. if the transaction in question is in US dollars, your Multi-currency Cash Passport will first look to see if you have a sufficient US dollars balance and, if not, will then work its way through the other currency balances in the default order of priority until the transaction amount is able to be satisfied in full.

The default order of priority is set out below. The default order of priority may change from time to time.

1	2	3	4	5	6	7	8	9	10
NZD	AUD	EUR	USD	GBP	JPY	CAD	HKD	SGD	AED

If there is insufficient money in all currencies in your Multi-currency Cash Passport, the transaction may not be completed.

Important information about different transactions

A foreign exchange margin applies to the transaction amount if the Card is used for withdrawals in any currency other than a currency available on your Multi-currency Cash Passport. The applicable margin applied to the converted currency transaction amount is 5.95%.

Where you do not have a balance in the currency of the transaction, your Multi-currency Cash Passport facility will be debited according to the default order of priority (described above). In addition, we will debit the balance of each currency in this order until the relevant transaction amount has been satisfied.

Third party limits

The amounts withdrawn or used for purchases using your Multi-currency Cash Passport may be limited by the ATM operator, merchant, or regional regulatory limits as relevant.

Currency conversion fees

Whenever a transaction using your Multi-currency Cash Passport results in a foreign exchange transaction (including loading money onto your Multi-currency Cash Passport that you wish to hold in a non-NZ dollar currency), a currency exchange rate will be applied. A foreign exchange transaction will occur where money is loaded onto your Multi-currency Cash Passport in a foreign currency, allocated by you from one currency to a different currency on your Multi-currency Cash Passport (through www.cashpassport.co.nz), converted to NZ dollars on closing your Multi-currency Cash Passport or converted by TCSL according to the default order of priority in order for TCSL to satisfy any negative balance or fees owing to TCSL. A foreign exchange transaction will also occur where you allocate funds from one Currency on your Multi-currency Cash Passport to a different Currency on another person's Multi-currency Cash Passport or Cash Passport Platinum. The currency exchange rate (including a margin) used for this is set and determined by MasterCard Prepaid Management Services. The currency exchange rate varies each day and will be notified to you at the time. Otherwise, where money is withdrawn or used for purchase transactions in a currency which is not supported by the Multi-currency Cash Passport, or where money is allocated by TCSL from one currency to a different currency as a result of a purchase or withdrawal transaction, the currency exchange rate used consists of the rate determined by MasterCard® to be the wholesale rate in effect on the day the transaction is processed.

Example of Foreign Exchange Margin for a Multi-currency Cash Passport loaded with NZ Dollars only:

Suppose you make a withdrawal from an ATM outside New Zealand (in Brazil) for Brazilian Real BRL50.00 and the prevailing exchange rate, set by MasterCard, is BRL 1.00=NZD\$1.34. Before the foreign exchange margin applies, this would equate to NZD\$67.00 (BRL50.00 x \$1.34) that would be deducted from your balance. After the foreign exchange margin of NZD\$3.99 is applied (NZD\$67.00 x 5.95%), this would equate to NZD\$70.99 (NZD\$67.00 + NZD\$3.99) that would be deducted from your balance.

Multi-currency Cash Passport

Separate Terms and Conditions apply to the use of your Multi-currency Cash Passport - see www.cashpassport.co.nz/terms for more information. Your Card has an expiry date which is printed on the front side of your

Card. You cannot access money loaded onto your Multi-currency Cash Passport by using your Card, or use your Card, after the expiry date. However, you will still be able to obtain your money loaded onto your Multi-currency Cash Passport from TCSL through a Cash Out.

Other important features of the Multi-currency Cash Passport

Trust Deed

The Multi-currency Cash Passport is subject to a Trust Deed between TCSL and the Supervisor. The Trust Deed contains a number of standard provisions, including provisions relating to:

- the role of the Supervisor and the powers and duties of the Supervisor;
- the process for replacement of the Supervisor;
- the right of the Supervisor to be indemnified; and
- the process for amending the Trust Deed.

The Trust Deed also contains events of default (see clause 12 of the Trust Deed). They include a failure by TCSL to make a payment on the Multi-currency Cash Passport, a breach by TCSL of a material provision in the Trust Deed, and also insolvency-type events that affect TCSL.

If an event of default occurs, the Supervisor may in its discretion, and must upon being directed to do so by holders of a Multi-currency Cash Passport, in each case in accordance with the Trust Deed, declare the amount standing to the credit of all Multi-currency Cash Passport to be immediately due and payable.

Trust Account arrangements

Pursuant to the Trust Account Deed, TCSL has established a Trust Account with Deutsche Bank AG London Branch in connection with the operation of its MasterCard branded prepaid cards business (including the Multi-currency Cash Passport).

TCSL has agreed, under the terms of the Trust Account Deed, to maintain on a daily basis an amount in the Trust Account equal to the reported net balance standing to the credit of all prepaid cards on the previous day.

TCSL has declared a trust over the money properly held in the Trust Account for the benefit of MasterCard in respect of amounts owing to MasterCard, MasterCard scheme members and relevant merchants, and for the benefit of holders of all prepaid cards (including the Multi-currency Cash Passport) in respect of all remaining amounts.

If the Trust Account arrangements operate as intended, the amount held on trust for the benefit of holders of MasterCard branded prepaid cards issued by TCSL should always be sufficient to discharge TCSL's liabilities to those holders.

Ranking

The Multi-currency Cash Passport constitutes unsecured, unsubordinated obligations of TCSL. On a liquidation of TCSL, amounts owing to holders of a Multi-currency Cash Passport rank equally with all other unsecured, unsubordinated obligations of TCSL. The ranking of the Multi-currency Cash Passport based upon a liquidation of TCSL is summarised in a

diagram similar to the below diagram which is available to view on the Disclose register at <https://disclose-register.companiesoffice.govt.nz/disclose>.

	Ranking on the liquidation of TCSL	Liabilities	Indicative amount of existing liabilities and equity of TCSL
Higher ranking/earlier priority			
↑ ↓	Liabilities that rank in priority to Multi-currency Cash Passport	Secured creditors and creditors preferred by law	A ranking diagram, including indicative amounts based on the financial position of TCSL at its most recent balance date, is available online on the Disclose register at https://disclose-register.companiesoffice.govt.nz/disclose
	Liabilities that rank equally with the Multi-currency Cash Passport	Unsubordinated obligations and all other unsecured obligations (such as trade and general creditors and holders of other prepaid cash facilities issued by TCSL)	
	Liabilities that rank below the Multi-currency Cash Passport	Subordinated debt (if any)	
	Equity		
Lower ranking/later priority			

Apart from the Trust Account arrangements described above, there are no limitations on TCSL's ability to create further liabilities in the Trust Deed or otherwise that rank equally with, or in priority to, the Multi-currency Cash Passport in a liquidation of TCSL.

6. TCSL's financial information

Selected financial information and ratios

A table that provides selected financial information about TCSL is available to view on the Disclose register at <https://disclose-register.companiesoffice.govt.nz/disclose>. TCSL's full financial statements are also available on the Disclose register.

TCSL's financial performance and position is critical to TCSL's ability to meet its obligations, including those owed to you. If you do not understand this sort of financial information, you can seek professional advice.

7. Risks of investing

This section 7 describes risks associated with the Multi-currency Cash Passport. This section describes certain:

- General risks associated with TCSL; and
- Specific risks relating to TCSL's creditworthiness.

General risks

TCSL could become insolvent, or be placed into receivership, administration, or liquidation, or be wound up, dissolved or reorganised, or be otherwise unable to meet its obligations in relation to the Multi-currency Cash Passport.

In the event of the insolvency of TCSL, including a liquidation of TCSL involving a shortfall of money, your rights and claims as a holder of the Multi-currency Cash Passport will rank equally with other holders of the Multi-currency Cash Passport and equally amongst the rights and claims of holders of equal ranking obligations, but after all creditors preferred by law. In the event of insolvency, there may be a shortfall of money to pay all amounts ranking ahead of, and equally with, the Multi-currency Cash Passports. If such an event of insolvency occurs this would result in holders of the Multi-currency Cash Passport not receiving repayment of the balance of their Multi-currency Cash Passport.

Specific risks relating to TCSL's creditworthiness

The circumstances that TCSL is aware of that exist or are likely to arise that may, either individually or in combination, significantly affect the future financial performance of TCSL, and therefore significantly increase the risk that TCSL may default on its obligations to holders of the Multi-currency Cash Passport are set out below.

Trust Account arrangements

Money loaded onto your Multi-currency Cash Passport facility is not paid directly into the Trust Account. Rather, the extent to which sufficient money is properly held in the Trust Account (described above in section 5) is dependent on TCSL's continued performance of its obligations under the Trust Account Deed. Holders of the Multi-currency Cash Passport are not parties to the Trust Account Deed, and do not have the right to enforce TCSL's obligations under that agreement. The Trustee (Deutsche Bank AG London Branch) holds the right to enforce the obligations of TCSL on your behalf. TCSL is also dependent on certain third party service providers, such as MasterCard Prepaid Management Services, for the operation of the Trust Account, the risks of which are outlined below. Although TCSL has declared a trust over the money in the Trust Account in favour of holders of prepaid cards (including the Multi-currency Cash Passport), it is possible that the effectiveness of this declaration could be challenged (for instance, by a liquidator of TCSL if TCSL was insolvent), and a court may not recognise the trust. In addition, it is possible that money is not paid into the Trust Account when required, or is withdrawn in circumstances that are not permitted. If the Trust Account arrangements are not effective or do not operate as intended and in the unlikely event that TCSL becomes insolvent, holders of the Multi-currency Cash Passport will not benefit from the Trust Account arrangements and their only recourse would be to claim as an unsecured creditor in TCSL's liquidation along with all other creditors.

TCSL considers that the likelihood of the Trust Account arrangement not operating as intended is low. However, were TCSL to become insolvent, and the Trust Account arrangements were found to be ineffective, the impact on holders of the Multi-currency Cash Passport could be significant.

Service providers

TCSL's business operations are reliant on third parties providing a range of services to it, in particular MasterCard Prepaid Management Services. TCSL depends upon MasterCard Prepaid Management Services to supply various services relating to the operation of the Multi-currency Cash Passport. These services include all payment transfer and ancillary services and systems which are necessary to process all transactions on the relevant cards, such as card design, production of terms and conditions and cardholder agreements, customer data, transaction processing, cardholder customer services and other related services.

If MasterCard Prepaid Management Services fails to pay amounts to TCSL when due, that in turn may mean TCSL is not able to meet its payment obligations, including amounts payable into the Trust Account as described above. In addition, if TCSL's arrangements with MasterCard Prepaid Management Services end, TCSL will not be able to offer the Multi-currency Cash Passport and you may not be able to withdraw cash from MasterCard ATMs using your Multi-currency Cash Passport, but you will be able to obtain your money directly from TCSL through a Cash Out. TCSL has no reason to believe that MasterCard Prepaid Management Services will not perform its contractual obligations with TCSL. However, if MasterCard Prepaid Management Services failed to discharge its obligations to TCSL, the impact on holders of the Multi-currency Cash Passport could be significant.

Unexpected liabilities and Travelex group insolvency

TCSL may incur an unexpected liability that prevents TCSL from being able to meet its payment obligations, including its obligation to pay amounts into the Trust Account as described above. TCSL takes steps to reduce the risk of an unexpected liability arising. However, if TCSL does incur an unexpected liability, the impact on holders of the Multi-currency Cash Passport could be significant.

In addition, while no member of the Travelex Group guarantees the Multi-currency Cash Passport, the financial condition of the Travelex Group as a whole could have an impact on TCSL's creditworthiness. The insolvency of other members of the Travelex Group could lead to TCSL being unable to meet its payment obligations, including to pay amounts into the Trust Account as described above. For instance, TCSL along with most trading entities in the Travelex Group provides a guarantee of banking facilities provided to the Travelex Group. TCSL may not be able to meet all its payment obligations if demand is made under the guarantee.

TCSL has no reason to believe the financial condition of the Travelex Group is not sound. However, if the financial condition of the Travelex Group as a whole deteriorates, this could have a significant impact on holders of the Multi-currency Cash Passport.

8. Tax

There may be tax consequences from acquiring or disposing of your Multi-currency Cash Passport. You should seek your own professional advice if you have any questions relating to tax.

9. No reliance

This PDS does not constitute a recommendation by the Supervisor, MasterCard Prepaid Management Services or any of their respective directors, officers, employees, agents or advisers to apply for a Multi-currency Cash Passport.

You must make your own independent investigation and assessment of the financial condition and affairs of TCSL before deciding whether or not to reload your Multi-currency Cash Passport.
